

ABOUT US

Blueprint502 assists young people, ages 16-24, in meeting significant life goals by providing services in education, vocational training, community service, case management, job and post-secondary placement, and post-graduation support.

Our program is specifically designed to help participants become well-rounded members of society upon graduation. The following is a list of services provided to each participant as they work through the program:

- Education
- Vocational Training
- Community Service
- Assistance With Removing Barriers
- Placement Assistance

Participating students will also receive post-graduation help on an as-needed basis. The teachers and staff are always available to help and provide support to ensure continued success for each student.

WHY BUY OUR PRODUCTS?

When you purchase an item from Blueprint502, you not only support the ongoing work of our organization, you make an economic impact in your community! Studies show that dollars spent at community-based merchants create a multiplier in the local economy, meaning that from each dollar spent at a local independent merchant, up to 3.5 times as much wealth is generated in the local economy compared to a dollar spent at chain-owned businesses. This "local multiplier effect" means shifting more local purchasing to independent businesses which is a key tool for creating more local jobs.

OUR PRODUCT LINE

Our eastern red cedar lumber is locally sourced and handcrafted here in Smoketown. The corners of each bed are carefully cut and fitted in a tongue and groove locking system. The surfaces and edges are all routed and finished with smooth and rounded edges.

To inquire about or place an order for our custom-made cedar garden products, contact us at (502) 290-6121 or email: info@blueprint502.org

We love multiple orders for community gardens and apartment complexes!
